

## Bus Services 2020/2021

The bus service is operated by P & D York Travel LLP on behalf of the Academy.

PLEASE NOTE The Academy buses are organised by the Academy to assist parents with transportation arrangements. The Academy wants to carry on providing this useful service, although social distancing on the buses in September is unlikely to be possible. Therefore, there may be a requirement, in line with public transport guidance, that students can only use the bus if they wear a face mask for the duration of the journey.

In order to plan adequate bus numbers, we need parents to commit to the minimum of one term, so that termly passes or a discounted annual pass can be bought as a return, morning or homeward journey type. The service does have capacity restrictions but we have managed to accommodate all requests if we receive them by the booking cut-off date in recent years. Should we reach capacity on bus numbers, priority will be given to return bookings and then we will accommodate one-way bookings accordingly. Each child allocated with a pass will then be guaranteed a seat on a named bus. If you have already paid a deposit and no longer wish to use this service then please email [finance@eda.staffs.sch.uk](mailto:finance@eda.staffs.sch.uk).

### ORDERING A PASS

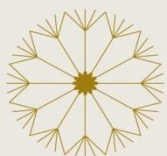

Commitment to an annual or termly pass will require a £20 non-refundable deposit made **on Wisepay by Friday 26<sup>th</sup> June 2020** in order to request/book a place for your child. The balance of the pass must be received by the end of the first week of each term or the pass will be cancelled. **Commitment to whole year pass will require payment of the full balance even if cancelled part year.**

Please choose a stop from the drop down list. If you are aware of a number of other students requiring a pickup not listed, please choose the nearest stop on the drop down list but also suggest an extra stop; We may be able to accommodate a change in route if demand is sufficient.
